

Squash Club Scheme

Aon and Squash New Zealand | Club Initiative

Grassroots sports clubs in New Zealand are facing an ever-increasing range of administration and compliance requirements, of which cost the clubs both valuable time and funds. Aon are pleased to work alongside Squash New Zealand to provide a solution for the increasing cost of insurance faced by clubs, and to give clubs access to professional insurance advice.

Aon have developed an insurance package specifically for clubs affiliated with SNZ which provides added value and reduced cost. In addition, Aon have approved a third party referral agreement whereby any business insurance referred to and placed with Aon by a club or a club member will generate a sales commission which will be split between SNZ and the club*.

Individual Club Solution

Standalone Cover

While there is the benefit of group buying power via this SNZ initiative, each club will still retain its own individual policies and not have to share any group policy limits. This means that you can tailor the cover to your own club requirements.

What is Covered?

- Club building and contents
- Revenue Protection
- Liabilities package

Coverage Benefits

We have created a suite of liability policies that recognise the structure and operations of Clubs to minimise the exposures. For example, specialised cover for:

- Volunteers, this is important given volunteers can be considered employees
- Trustees or office bearers against wrongful acts
