This toolkit to help provide clarity to clubs around different squash activities that can take place at Level 2. In order for clubs to provide a safe environment for participants it is vital for clubs to ensure they have created a plan for this to happen. A template for clubs can be found on our website here https://www.squashnz.co.nz/for-clubs/covid-19.cfm The tool kit is made up of the following elements

**Level Two Alert Table**
This document has been put together by Squash NZ, affiliated Districts and external sources, with the purpose of informing our squash community how we are responding to Covid-19, and to provide recommendations for what we believe is the best course of action for all squash organisations, clubs, coaches, and facilities.

**Top Five Tips For Clubs**
The top five things clubs need to think about to operate there club at Level 2

**Poster Kit**
Key messages that clubs can put up around the club including guidelines for players to help keep the club safe.

**Digital Tools**
A range of tools that could be of benefit to clubs during this time.

**Disclaimer**
Please note that Squash NZ are not experts on pandemics and as such all New Zealand Government and Ministry of Health information, guidelines and directives supersede this information.
## Squash in New Zealand - COVID-19 Level 2 Guidelines @ 13 May

<table>
<thead>
<tr>
<th>Level 2 – Reduce</th>
<th>Key Central Government measures</th>
<th>Squash New Zealand Measures</th>
<th>Recommended measures for all other squash organisations</th>
</tr>
</thead>
<tbody>
<tr>
<td>- Household transmission could be occurring.</td>
<td>- Physical distancing of two metres from people you don’t know when out in public is recommended, with one metre physical distancing in controlled environments like workplaces unless other measures are in place.</td>
<td>- All National, Premier and Major events are being risk assessed in conjunction with host venues</td>
<td>- Facilities able to open but should follow the measures listed below.</td>
</tr>
<tr>
<td>- Single or isolated cluster outbreaks</td>
<td>- Sport and recreation activities are allowed, subject to conditions on gatherings, contact tracing, and – where practical – physical distancing.</td>
<td>- Squash NZ High Performance National Squads may take place at a Squash NZ approved facility</td>
<td>1. Ensure a safety plan is in place</td>
</tr>
<tr>
<td></td>
<td>- Public venues can open but must comply with conditions on gatherings and undertake public health measures.</td>
<td>- All Squash NZ in person workshops, education, face to face meetings and external activities risk assessed</td>
<td>2. Ensure that you can enforce no more than 100 people in the facility at one time <strong>(with individual playing groups ‘gatherings’ no larger than 10)</strong></td>
</tr>
<tr>
<td></td>
<td>- More than 10 people may be present in public or at a venue, as long as they are in separate groups and are not intermingling with each other.</td>
<td>- Squash NZ offices open on rotation basis to limit staff numbers and practice safe social distancing</td>
<td>3. Ensure that no high-risk people enter the facility</td>
</tr>
<tr>
<td></td>
<td>- Health services operate as normally as possible</td>
<td>- No international or domestic travel (outside of home region) for Squash NZ staff</td>
<td>4. Ensure you can meet contact tracing requirements</td>
</tr>
<tr>
<td></td>
<td></td>
<td>- Squash NZ will conduct majority of internal and external business remotely</td>
<td>5. Ensure the facility has extensive signage and information regarding precautions for managing COVID-19</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>6. Ensure the facility has an up to date cleaning schedule &amp; soap and hand sanitiser is available and is consistently refilled</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>7. Ensure the facility staff and volunteers are properly briefed on all information regarding precautions for managing COVID-19</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>8. Social distancing is not required while on court playing, however, ensure that processes are put in place to ensure social distancing in all areas outside of the courts (hallways, common areas, changing rooms, and bar)</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>9. <strong>Bar facilities are to remain closed until May 21</strong> When the bar can open, ensure that in all bar and food areas the three ‘S’ are applied (Seated, Separation and Single Server) and people are present for less than two hours (further guidance for clubs will be made available shortly)</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>- District/club events and competitions may take place once risk assessed by the coordinating body. Facilities must adhere to all necessary guidelines and safety measures (above)</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>- All workshops, face to face meetings and external activities are risk assessed</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>- Coaches should ensure that before any activity occurs, they have a safety plan in place that ensures contact tracing, physical distancing and health and safety obligations are met.</td>
</tr>
</tbody>
</table>
# Top Five Club Tips

1. Create a safety plan that is manageable for your club.

2. If your club isn’t ready to open safely on the day level 2 starts, don’t feel pressured to.

3. Take your time with reopening. Start small and see how it goes.

4. Communicate with your members what is happening.

5. Keep up to date with government guidelines.

PLAYER GUIDELINES

No wiping hands on walls

Bring your own water bottle and towel

Wash your hands before and after you play

Vacate the club in a timely manner

Follow the club sign in process

Follow the club's rules and help keep them open

If you're sick
Stay Home

www.squashnz.co.nz
Sneeze and cough into your elbow

Maintain physical distancing off the court

Use online booking tools

Wipe your sweat after play

Avoid touching shared surfaces

Bump racquets after games instead of shaking hands

Bring your own balls, avoid sharing equipment

www.squashnz.co.nz
STOP!

We want to keep you and others safe...

All venue users must check in prior to playing. This is for the purposes of contact tracing.

- **DO NOT** play if you are sick, even with mild symptoms
- Minimise touching of common surfaces
- Don’t share equipment with anyone
- Leave the club in a timely manner

Enjoy Your Game but **PLAY SAFE**. If people don’t follow these guidelines, we may be forced to close the courts.

Squash NZ has detailed guidelines for play under level 1,2 & 3 at https://squashnz.co.nz/for-clubs/covid-19.cfm
HELP US CREATE A SAFE ENVIRONMENT

1. GOOD HYGIENE
   Cover your coughs or sneezes with a tissue or into the elbow. Use hand sanitizer or wash your hands with soap.

2. CHECK-IN WHEN YOU ARRIVE
   To enable contact tracing, we need to maintain a guest register. Please ensure you follow the clubs policy and check in.

3. PHYSICAL DISTANCING
   Maintain a 1 metre distance from other people at all times.

4. STAY AT HOME
   If you are feeling unwell, please stay at home and seek medical care.
We require ALL people on these premises to exercise the strictest precautions possible to help avoid the transmission of COVID-19.

Please sign the register form (underneath this coversheet) which acknowledges:

- You do not have any symptoms associated with COVID-19 (e.g. fever, cough, sore throat, shortness of breath, sneezing/runny nose or loss of sense of smell)
- You do not have COVID-19 nor are you awaiting the results from being tested for COVID-19
- You have not been in contact with any known or suspected cases of COVID-19 in the past 14 days
- You have not returned, or been in contact with anyone else who has returned, from overseas in the past 14 days.

Signing this form acknowledges that:

- You do not have any symptoms associated with COVID-19 (e.g. fever, cough, sore throat, shortness of breath, sneezing/runny nose or loss of sense of smell)
- You do not have COVID-19 nor are you awaiting the results from being tested for COVID-19
- You have not been in contact with any known or suspected cases of COVID-19 in the past 14 days
- You have not returned, or been in contact with anyone else who has returned, from overseas in the past 14 days
Protect yourself and others from COVID-19

Wash your hands with soap and water often (for at least 20 seconds). Then dry.

Cough or sneeze into your elbow or by covering your mouth and nose with tissues.

Clean and disinfect frequently touched surfaces and objects, such as doorknobs.

Don’t touch your eyes, nose or mouth if your hands are not clean.

Put used tissues in the bin or a bag immediately.

Stay home if you feel unwell.

For updates and more information on keeping yourself safe, visit Covid19.govt.nz

New Zealand Government
Clean and disinfect all surfaces and objects

Wipe. Spray with disinfectant. Wait 20 seconds. Then clean. Don’t forget frequently-touched objects like door knobs, light switches, stair rails and lift buttons.

Squash Leagues & Ladders

Free online squash club league and ladder management. [https://www.squashleagues.org/](https://www.squashleagues.org/)

Scorehorse

Simple online software for managing and sharing clubs leagues for squash. [http://www.scorehorse.io/](http://www.scorehorse.io/)
CLEANING PRODUCT

To order this product please contact your local ALSCO branch. For contact details click the ALSCO image below;

Virulabs

VIRUCLEAR

PRODUCT INFORMATION

Broad Spectrum Surface Sanitiser

Viruclear has been developed specifically for reducing the infectivity of coronaviruses, known to persist on surfaces such as metal, glass and plastic for up to 9 days. Suitable for use in commercial, industrial, health care and other public facilities. It is a concentrated hard surface sanitiser with 7.99% hydrogen peroxide combined with chelating agents and surfactants to increase its performance.

The efficacy of any bactericide/virucide is a function of the concentration of the sanitiser and the contact time. Whilst laboratory results have shown 0.5% hydrogen peroxide to be effective on coronaviruses in as little as 60 seconds, the longer the contact time the greater the efficacy. Viruclear has been designed to leave minimal residue so in most instances it can be left on the surface and not rinsed. However, if time allows the surface can be wiped with a damp cloth. This will help remove any biofilm present. Biofilms build up on most surfaces and help protect bacteria and viruses. The oxidising nature of Viruclear helps breakdown the biofilm and wiping the surface helps remove it. Once the oxidisation/sanitising process has taken place and killed bacteria and viruses, Viruclear will breakdown to hydrogen and oxygen.

CONCENTRATED SANITISING SUPERHERO

JUST A SINGLE 5 LITRE CONTAINER

MAKES 83L OF READY-TO-USE SANITISER*  

*BASED ON DILUTION RATIO: 10ML OF PRODUCT WITH 100ML WATER TO MAKE 1L OF READY-TO-USE SOLUTION. USE A BAIN MAURER TO EASILY DISPENSE THE RIGHT AMOUNT OF PRODUCT FROM A 5L CONTAINER TO A 1L SPRAY BOTTLE.
